6. REQUIRED DOCUMENTATION

Documents regulating the participation in the Exhibition:

- 6.1. Completed and signed Application-Contract for participation;
- 6.2. Completed and signed Appendices to the Contract;
- 6.3. Invoice(s) for the services provided (closed by the act of rendered services);
- 6.4. The Exhibitor's Manual.
- 6.5 Certificate on the fire treatment of all advertising materials of a participant in accordance with the requirements of Federal Law No. 123-ФЗ "Technical Regulations on Fire Safety Requirements". More details in section 27 "SETTLEMENT OF DISPUTES. FIRE PROCESSING" page 11 of this Exhibitor's Manual.

7. THE COST OF PARTICIPATION

- 7.1. The cost of participation includes the registration fee, the cost of rent of standard equipped exhibition space/stand (plans of standard stands and the cost of additional services and equipment are specified in Appendix 1) and the extra charge for stand type (see Contract, Section 2).
- 7.2. **Registration fee is paid at the rate established by the Organizer of the exhibition and includes:**
 - 7.2.1. Placement of information about the Participant in the official (electronic) exhibition's catalogue and Exhibition guide for visitors and on organisator's website.
 - 7.2.2. One electronic copy of the Catalogue of the Exhibition;
 - 7.2.3. Accreditation of the Participant's representatives with the provision of permanent passes to the Exhibition, see the Manual, section 12 "ACCREDITATION OF PARTICIPANTS". The organization of ARRIVAL IN AND DEPARTURE FROM THE TERRITORY OF THE EXHIBITION see section 11;
 - 7.2.4. Full set of informational documents. Advertising expenses in the media, the Internet: search engines, social networks, profile portals;
 - 7.2.5. Free Invitations supplies for visitors (layout for printing) - ask your manager for more information.
 - 7.2.6. General expenses of the Organizer connected with the organization of the Exhibition.

8. EQUIPPED AREA

- 8.1. According to the Contract and invoices, equipment is available for rent to the Participant during the Exhibition.
- 8.2. **All the stand structure elements and additional equipment shall be returned at the end of the Exhibition undamaged.**
- 8.3. The construction of the stand is performed with a wall panels of 2,5 m height.
- 8.4. The cost of the elements of the stand construction or additional equipment ordered by the Participant , but unused for whatever reason, will not be reimbursed.
- 8.5. The plans for standard equipped stands can be found in Appendix 1.
Please note that the stand construction may include technically essential elements not shown on the diagram. Columns, hatches, electrical cabinets, points of various technical connections in the pavilion can be located directly at the stand or behind the stand of the Participant. This can lead to the laying of additional cables and tubes in the passages or within the stand of any Participant.
- 8.6. Equipped exhibition area includes:
 - 8.6.1. Standard equipped stand, refer to Appendix 1;
 - 8.6.2. Fascia panel with the stand number and the name of the Participant's company/brand;
 - 8.6.3. Installation and deinstallation;
 - 8.6.4. Power supply within the necessary limit range required by the standard construction (see Appendix 1);
 - 8.6.5. Garbage collection from special places during the exhibition, the cleaning of passages and areas of common usage;
 - 8.6.6. Security of the pavilion, see the Manual, section 16, "SAFETY AND SECURITY".
- 8.7. The Participant has the opportunity to order custom configuration of the stand out of the constructions used for standard development (see Appendix 1).
- 8.8. Additional equipment and services must be ordered and paid separately according to Appendix 1.
- 8.9. The Participant shall negotiate with the Organizer the final layout, the layout of the stand in the pavilion, additional equipment for the stand 45 days prior to the Exhibition. The inscription on the fascia panel should be agreed before 20 Jan. 2020. Otherwise the stand is mounted according to standard plan, the name of the company is placed on the fascia panel, as specified in the Contract, section 1: "General information about the organization of the participant/payer".

Exhibition area that is building by the Exhibitor independently.

- 9.1. Execution of works on installation of custom exhibition stands is carried out on the basis of additional agreements.
- 9.2. Permission for construction works is issued by "Montazhnik" LLC as General constructor on the territory of VDNH on the basis of an agreement between the Participant/or the constructor and "Montazhnik" LLC on a commercial basis. Permission must be received not later than 15 working days prior to installation of the Exhibition.
- 9.3. Attention! Constructor companies who have not passed the technical appraisal of technical documentation are not allowed to the exhibition area.
- 9.4. For the admission of a third-party contractor to conduct the installation works and coordination of the layout of the stand, the Participant shall provide "Montazhnik" LLC manufacturing group with the following documents:
- 9.4.1. The license for implementation of activities of all organizations that have developed project documentation, as well as the license for carrying out construction and electrical installation works;
- 9.4.2. Technical drawing of the stand, including company name, number and the size of the stand, indication of presence of the 2nd floor and its area, plan of the 1st and 2nd floor, as well as the static calculation of construction of the 2nd floor of the stand with an attached positioning plan of the construction elements, side view, indication of the type of construction materials;
- 9.4.3. Power project of the stand specifying power voltage (to be paid to "Montazhnik" LLC);
- 9.4.4. Fire safety certificates for all materials and structures used for stand construction.
- 9.5. The participants who ordered unequipped area must be guided by the following rules during the design, organization of construction and decoration of their stand:
- 9.5.1. No part of the design of a Participant's stand must extend beyond the limits of the rented exhibition space. In case of violation of this condition, the Organizer reserves the right to suspend the construction of the stand;
- 9.5.2. The stand must be equipped with a fascia panel with the obligatory indication of the stand number and name of the Participant;
- 9.5.3. For the installation of exhibition stands higher than 2,5 m, as well as the placement of advertising information on stands, the permission of the Organizer is required;
- 9.5.4. Placement of logos and advertising slogans of the company is permitted only within the Participant's stand;
- 9.5.5. The outer surface of the stand construction visible from passages between stands and from the neighboring stands must be duly decorated;
- 9.5.6. Before beginning of the installation, please coordinate with the Organizer the exact location of the stand. Otherwise any works related to the improper location of the stand structures within the whole exposition will be at the expense of the Participant;
- 9.5.7. After removing the carpet, all tape residue must be removed from the floor of the pavilion;
- 9.5.8. All losses caused by damage to any structures and details of the pavilion caused by the Participant or his developer shall be compensated for the account of the Participant;
- 9.5.9. All works on installation and deinstallation of the stand must be completed in accordance with the schedule of the Exhibition, see the Manual, section 5 "EXHIBITION SCHEDULE".
- 9.6. The participant is obliged to carry out deinstallation and clear the pavilion no later than 14 Feb. 2020 20:00 Moscow time.
- 9.7. For all questions related to the approval of documents for construction of not equipped area, contact:

"Montazhnik" LLC

129226, Moscow, Selskokhoziaystvennaya str., 4, build. 16

Tel./fax.: +7 (495) 258-87-48, +7 (499) 644-29-11, +7 (915) 359-99-53, 8-800-234-41-06 (1303)

Contact person: Shcherbatov Andrey Vladimirovich

E-mail: av101@montazhnik.ru

www.montazhnik.ru

10. ADDITIONAL EQUIPMENT AND SERVICES

10.1. All suggestions of Participants on the individual stand decoration must be coordinated with the Organizer. All proposals must be schematically shown on the stand plan, see Appendix 1.

Installation of additional equipment ordered after 21 Jan. 2020, payable at double rate (price x 2), including VAT.

10.2. Additional services provided by the Organizer are indicated in the Appendix 1.

11. ARRIVAL IN AND DEPARTURE FROM THE TERRITORY OF THE EXHIBITION

According to the terms of VDNH, pass to the territory of the Exhibition for Participants will be effected without charge on 10 Feb. 2020 and on 14 Feb. 2020. time and details will be specified in the newsletter to be sent to the e-mail address of the contact person indicated in the application-contract!

A letter with the original stamp of the Participant shall be considered as the basis for entry of the vehicles to the territory of the Exhibition in days of arrival and departure. Letters are sent by email from the Organizer 2 weeks before the Exhibition. Entrance to the territory of the Exhibition on other days during the Exhibition is charged in accordance with rates set by the administration of VDNH at the time of the Exhibition.

Entrance of the Participant's vehicle is implemented via checkpoints: gate "Sever-1" and gate "Sever-3". The departure of vehicles from the territory of the complex VDNH is made through the gate "Sever-2". The location of the checkpoints on the territory of the exhibition complex, see section 2, "VENUE".

At the arrival/departure on the territory of the VDNH complex and the pavilions of the Exhibition the Participant is to comply with all the requirements established on the territory of the exhibition center.

12. ACCREDITATION OF PARTICIPANTS

Registration and issuance of passes are made on the day of participants' arrival (for time limits, see section 5 of the Manual) at the front stand "Register "RLP-Yarmarka" in pavilion 75.

On registration the Participant receives: badges (1 pc. per 2 sq. m of the exhibition stand, the cost of receiving additional badges listed in Appendix 1), closing documents (act and invoice), the catalogue of participants of the Exhibition, and other documents.

Delivery of equipment to the pavilion is executed on the invoice that lists all equipment imported to the stand other than samples. The invoice is made in any form in 2 copies. On the invoice the original participant's stamp is required.

The participant is obliged to ensure presence of his representative at the stand during the Exhibition (see section 5 of this Manual).

All participants are to have an Application-Contract with Appendices in 2 copies with the original stamp of the company (one copy remains at the Organizer). Organizer's stamp can be put on at the cash desk RLP-YARMARKA in the pavilion 75 hall A.

13. RESTRICTIONS AND PENALTIES

13.1. The participant may not assign his rights under this Application wholly or partially to third parties without written consent of the Organizer. In case of violation of this rule, the Organizer has the right to claim penalties in the amount of 100% of the cost of participation specified in the invoice.

13.2. In case of violation of a Participant of the safety regulations, fire safety regulations and conditions of this Manual during installation/deinstallation and work of the Exhibition the responsibility rests with the Participant.

13.3. The participant is obliged during the demonstration of machines and mechanisms with moving parts to keep visitors away from such mechanisms.

13.4. The organizer is entitled to remove from the stand the items which do not meet the requirements or are dangerous to others.

13.5. The participant is obliged to carry out marking of all glass doors and partitions walls at eye level.

13.6. The participant is not allowed to self-restructure standard equipped stands in pavilions.

13.7. The participant is strictly forbidden to fix manually any faults occurred in the electric equipment installed on the stand, and also to connect manually the electric appliances to the standard electrical sources of the exhibition pavilion.

13.8. The organizers are not responsible for disturbances in the power supply caused by damage to networks and equipment outside the exhibition complex. In case of accidents and to prevent accidents, the power supply can be urgently disconnected.

- 13.9. Due to the fact that the power supply to the stands is made through power electro boards installed for groups of stands, the right to choose the location of the electro board (at one of the exhibition stands) is delegated to the General contractor. The participant has no right to demand the removal of the panel from his stand, as the General contractor defines this place as the best in the existing scheme of electrical connections.
- 13.10. When ordering electrical, plumbing and other engineering works, the Participant shall provide for approval the layout plan of the exhibition stand with placement of equipment and lighting, technical characteristics of each technological unit (voltage, power consumption, etc.), points of connecting electrical equipment to power supply sources, plans of plumbing connections.
- 13.11. Notification of the Organizer about having a non-standard telephone equipment: fax, modem, etc. by the Participant is obligatory.
- 13.12. Special highlighting on the fascia panel must illuminate the fascia only. Flashing light is not allowed. The Organizer reserves the right to disconnect a Participant's electric power supply, lighting of which interferes with other exhibitors.
- 13.13. Without the written permission of the Organizer the mounting of the equipment components and exhibits to the floor, walls and ceilings of the exhibition hall is prohibited.
- 13.14. Usage of glue, paint and other materials for fastening of informational materials and decoration that may damage the surface of the leased equipment and structural elements of the pavilion (walls, columns, etc.) is forbidden, as well as fastening of any equipment to the stands, drilling holes, etc., is not allowed.
- At the end of the Exhibition the Participant is obliged to clear the wall panels, floor and ceilings from the elements of the exhibition equipment and exhibits, clear panels, floor and ceiling from the remnants of adhesive tape "Scotch tape", etc.
- 13.15. Placement of advertising media outside of the stand without registration of corresponding permissions is prohibited.
- 13.16. Promotions in the halls without special permission is prohibited.
- 13.17. Audio-, video-, projection equipment, amplifiers or live music should not be used without the Organizer's permission.
- 13.18. Audio-, video presentations (demonstrations) must not interfere with the work of other Participants, and the noise level shall not exceed 75 dB. In cases of complaints the Organizer is entitled to restrict or cancel such presentation at the Exhibition.
- 13.19. The Organizer does not recommend constructing blind walls of large frontage, especially along the open side of the stand.
- 13.20. The Organizer has the right to replace or remove for the Participant's account anything that might interfere with the normal operation of the Exhibition. Equipment and exhibits must be located within the allocated area.
- 13.21. The Participant is not entitled to close the exposition at the stand, to carry out deinstallation of the stand, packing of exhibits before the official end of the Exhibition (14 Feb. 2020, 16-00).
- 13.22. Retail sales of the samples inside the halls is forbidden.
- 13.23. In case of violation of the terms of the Exhibitor's Manual, including damage to or loss of exhibition equipment, and in the case of causing harm to life, health or property of third parties, the Participant shall fully compensate for the damage and to pay the penalties within five days after the issue of the relevant act.

14. CATALOGUE OF THE EXHIBITION

The Organizer shall publish in the official catalogue of the Exhibition the information provided by the Participant in Appendix 2: name, address, telephone, fax, e-mail, website, text about the activities of up to 400 characters (including spaces). The information is accepted only in Russian and English. If the information provided by the Participant is not full, is handwritten or contains errors, the Organizer shall not be liable for the subsequent errors when including the Participant's information in the catalogue.

In case of not providing information for the official catalogue of the Exhibition 45 days prior to the event, the Participant's information it is not to be published.

At the request of the Participant extended information can be placed in the official catalogue (up to 1000 characters, including spaces). The cost of this service is specified in Appendix 1.

15. OPPORTUNITIES FOR ADVERTISING

Advertising at the Exhibition shall be regulated by the Law of the Russian Federation "On advertising".

The full list and costing of advertising services can be found on the Organizer's website in the section "Advertising at the Exhibition." To order you must fill in Appendix No. 3 "CONFIRMATION OF ORDER FOR PLACEMENT OF ADVERTISING MATERIALS".

15.1. Within the stand the promotion of goods or services produced or sold by the Participant is allowed, if such goods or services are relevant to the theme of the exhibition.

The distribution by the Participants of publications beyond the stand is an additional paid service and is subject to the approval of the Organizer.

15.2. Responsibility for the content or accuracy of the advertising materials submitted by the Participant lies on the Participant.

Advertising of products subject to mandatory certification should be marked as "subject to mandatory certification".

15.3. Placement of advertising and technical suspensions on ceiling constructions can only be ordered through the Organizer and requires technical coordination with "Montazhnik" LLC.

To place any banners/technical suspensions on the ceiling displays of the pavilion it is required to provide the Organizer with the following documents no later than 1 month prior to installation of the exhibition:

15.3.1. Design sketch for suspension indicating the weight of the loaded and unloaded construction;

15.3.2. Estimates regarding the number of suspension points, the load on each point, suspension height from the floor;

15.3.3. The list and the total weight suspended on the equipment;

15.3.4. Top view of the stand showing the location of the construction being suspended.

Please note that in order to lift and for precise orientation of the suspended structure, you may need to order additional services – lifting mechanisms or additional points of suspension.

The cost of the suspension depends on the technical characteristics of the performed works.

For this matter please contact the Organizer.

16. SAFETY AND SECURITY

16.1. To maintain safety and security during the Exhibition, the Organizer attracts licensed security companies that provide:

16.1.1. Compliance with the checkpoint regulations, control over loading/uploading, import/export of property of the exhibitors.

16.1.2. The maintenance of public order, control and identification of persons who are likely to violate public order or to steal any values available at the exhibition.

16.1.3. Qualified actions in extreme situations (risk of explosion of the object, detection of suspicious explosive objects, fire).

Please note:

16.2. During assembly/deinstallation and during the Exhibition the safety of exhibits and other valuables is the responsibility of the Participant.

16.3. During the Exhibition every Participant is obliged to ensure the presence of their representative, responsible for passing over of the stand to the security at the end of the Exhibition at 18:00, as well as when taken from security 09:00 to 10:00.

16.4. In order to safeguard the property of Participants after the closing of the Exhibition and passing over of the stand to the security, the exhibition area (stand) is to be prohibited for representatives and guests of the Participant.

16.5. To ensure the safety of property on the stand during the Exhibition, the Participant may order individual stand security, see Appendix 1.

16.6. Employees of own security of the Participant will not be allowed in the pavilion at night.

17. FIRE SAFETY

17.1. For all persons on the territory of the Exhibition it is obligatory to follow the fire safety rules.

17.2. Participants are responsible for fire safety and observance of fire safety events in the period of installation, work and deinstallation of the Exhibition.

17.3. Control over the implementation of fire safety regulations is carried out by technical services of VDNH and the authorities of the Ministry of Emergency Situations.

17.4. In order to maintain fire safety on the territory of the Exhibition, the following actions are prohibited:

17.4.1. Storage on the stand of container and garbage (after the end of the exhibition day, the Participants that have not ordered cleaning services to clean their stands are required to collect and lay in the passage way packages or boxes of accumulated garbage);

17.4.2. Storage of flammable and combustible liquids, tanks with combustible gases;

17.4.3. Smoking in the pavilions and exhibition stands;

17.4.4. Carrying out welding, soldering and other works connected with application of open fire;

17.4.5. Placement on exhibition stands and exhibits and usage for stand construction of materials that are flammable, or use combustible materials, refractory treated by a fire retardant;

17.4.6. Carrying out painting works using highly flammable dyes.

18. ENSURANCE

Insurance against all possible risks associated with participation (risks of civil liability, loss or damage of exhibits and other property etc.) is carried out by the Participant independently and at their own expense.

19. CLEANING

During the work of the Exhibition before the opening of the exhibition cleaning of the passage ways between the stands will be carried out. Garbage left in front of your stand in a plastic bag or box will be removed.

To order individual cleaning of your stand contact the Organizer (Appendix 1).

19.1. For all stand types: all construction and finishing works at your stand must be completed within the timelines set by the Organizers on the last day of installation, see the Manual, section 5 "EXHIBITION WORKING TIME" page 4. Empty containers and garbage from the stand should be disposed of in containers at the Assembly gate.

In case of violation of this rule, the additional cost of cleaning of the passage ways adjacent to your stand are to be charged to the Participant's account.

19.2. For space only stands: stand cleaning at the end of the installation is carried out by your stand's constructor.

The exhibition area after the Exhibition closes must be left cleaned from garbage, flooring and scotch tape. Expenses for cleaning of the garbage left at the stand, including ordering of containers to remove large pieces of garbage and stands, are to be charged to the Participant's account.

20. TEMPORARY STAFF

The Organizer of the Exhibition provides the opportunity to order translator services and additional staff for the stand. If you order additional personnel from third-party organizations, make sure that all staff working at the stand were provided with passes to the exhibition area. Application for services must be submitted to the Organizer not later than 3 (three) weeks prior to the Exhibition (see Appendix 1).

21. RESTAURANTS/CAFES

Cafes are located on the second floor of the pavilion 75. On the territory of VDNH there are several cafes and fast food restaurants.

22. ATMs / CASH MACHINES

ATMs are located in pavilion 75 (at the entrance).

23. MEDICAL CARE / MEDICAL ASSISTANCE

For first aid (minor injuries, headache, etc.) medical facilities are located in pavilion 75, to the left of the main entrance. In urgent cases call 112.

24. SERVICE CENTER

If you have any questions (including a copy, stamps, etc.), please contact the organizer's directorate or your manager.

25. VISA SUPPORT. HOTELS AND ACCOMMODATION

For visa support and booking hotel, you should fill in the Appendix 4 "Application for the reservation of rooms in the hotels in Moscow".

26. CARGO DELIVERY, CUSTOMS CLEARANCE

The company "DMW-EXPO" LLC is the official freight forwarder for exhibitions on the territory of the VDNH. Provides services in freight forwarding and customs clearance of the exhibition goods for international exhibitions held on the territory of the VDNH.

Tel./fax: +7 (495) 234-56-51, **e-mail:** info@dmv-expo.ru

Requests are accepted if sent no later than 1 month before the Exhibition.

27. SETTLEMENT OF DISPUTES

All disputes and disagreements that are arisen in the framework of preparation and holding of the event the parties shall attempt to settle by negotiation. If it is impossible to reach mutually acceptable solutions, the dispute shall be resolved in accordance with the current legislation of the Russian Federation in the Arbitration court of Moscow.

All advertising materials of the participant, placed as part of the exposition at the stand, must have appropriate fire safety certificates.

Certificates meeting the requirements of the Federal Law of July 22, 2008 No. 123-ФЗ "Technical Regulations on Fire Safety Requirements" (with amendments and additions), on the basis of which fire-fighting treatment of materials is carried out. And also the Decree of the Government of the Russian Federation of April 25, 2012 N 390 «On the fire safety regime.»

If the certificates cannot be provided, and accordingly the impregnation has not been made, the impregnation can be ordered ONLY in the following companies, according to the regulations of VDNH and the General Developer of VDNH LLC "PO Montazhnik" LLC:

1. LLC «AUP-T-Service» - Evgeny Vladimirovich, **tel.:** +7 (495) 505-04-32, +7 (925) 505-04-32
